

Coastal Heating & Air Conditioning Co., Inc.

443-594-6247

When a cooling system struggles on a humid afternoon, a clear service process helps you get relief quickly. This provider starts with a short call to learn the symptoms, schedules a prompt visit, and arrives with common parts to minimize repeat trips. After testing thermostats, capacitors, and airflow, the technician explains options for [ac repair annapolis](#) that match the age and condition of the unit. If a fix can keep the system running through the season, you will understand what was done and what to watch for. If replacement makes more sense, you will get straightforward next steps without pressure. For sudden breakdowns outside typical hours, the team arranges emergency ac repair to restore basic comfort and prevent further strain on equipment. Heating needs are covered too, with attention to safe startups and steady performance during colder evenings. Service is available across neighborhoods near the water and downtown, with one office location noted as Annapolis, MD for local coordination by Coastal Heating & Air Conditioning Co., Inc.

25 Hudson St., Annapolis, MD 21401
