

Is your child Rare-ing to Go?..

with CanChild's F-words for Child Development

CanChild's Six F-words of Child Development—**Family, Functioning, Friends, Fitness, Fun, and Future**—help us focus on a student's strengths, interests, and goals, not just the medical needs and rare diagnosis. Based on the World Health Organization's ICF Framework, this globally-respected approach encourages you as staff to see the **WHOLE** child, understand what matters most, and create supports that build on their abilities and potential. Curious to learn more? Check out www.canchild.ca/f-words

How does this work?

Step 1. Access Adobe Reader (free!) at this link:

<https://get.adobe.com/reader/>.

Step 2. Download the tool in Adobe Reader (make sure you download the document to your computer before entering information or it won't save).

Step 3. Fill in text to describe each F-word as it relates to your child. Add a photo if desired. Save as a new PDF, as a JPG or print! Need some help? Visit the F-words page [here](#) and check out some other ideas..

Step 4. Save the completed template as a PDF document.

Step 5. Share with those who provide care and instruction with your child at school.
