Exam Details

MATTHEW CAMERON

21st Century Success Skills

Certificate date: 11/18/2024

This document certifies that the student listed has acquired the following skills and knowledge.

- Candidate will understand and demonstrate the personal traits that encourage productivity, quality work, self-initiative, and employability. Applies personal traits to all situations. Understand that these traits must be practiced and developed.
- Candidate will understand and demonstrate how to search for and locate information for any given subject. Understand that finding information on a subject (research) is a fundamental part of everyday life and work, and that effective research skills enhance work and personal life.
- Candidate will understand how to critically think and objectively analyze information.
- Candidate will understand how to relate the analysis of information to different situations (problem solving).
- Candidate will understand how to apply the decisions/results made from the analysis of information by effectively communicating those decisions/results to others, and work with others to achieve desired outcomes.
