Best Free TikTok Diamond Calculator

Looking for a good [TikTok diamond calculator](#)? Search no more because you have come to the right place. This post compiles the top free TikTok diamond calculators for TikTok live creators to calculate their earnings.

Unlike plain lists, we also feature their distinctive characteristics, so you can easily choose your perfect tool, fit for your particular use case. Turn your [diamonds](#) into money in an easy

and fast way so you can now convert your TikTok diamonds to USD, GBP, EUR, INR, and more.

What Are TikTok Diamonds?

[TikTok diamonds](#), in short, are just another virtual currency you can use in TikTok live streams.

When creators stream, viewers can purchase coins with real cash and then use virtual gifts to support their favorite creators.

The aggregate gifts, in turn, are divided into TikTok diamonds, which creators can convert into actual cash.

Here's how you can see how many diamonds you have on TikTok:

- 1: Launch the TikTok app and head over to their profile.
- 2: Tap on the Menu button (hamburger icon) from the top right.
- 3: Tap on Settings & Privacy, then tap on Balance.
